PROJECTS

AI RESUME BUILDER APPLICATION

Designed the UI/UX for an AI Resume Builder application using Figma. Created wireframes and interactive prototypes, focusing on delivering an intuitive and user-friendly experience for seamless resume creation.

[VIEWPROJECT](#)

INTERVIEW PREP AI

Designed the UI/UX for an Interview Prep AI application using Figma. Developed wireframes and prototypes with a focus on creating an intuitive and engaging user experience to help users prepare effectively for interviews.

[VIEWPROJECT](#)

TRAVEL BUDDY APP

[VIEWPROJECT](#)

Designed the UI/UX for a Travel Buddy mobile application using Figma. Created wireframes and interactive prototypes focused on providing a seamless and engaging user experience to help users plan and organize their trips efficiently.

DIMENTIA CARE APP – LUMOS

[VIEWPROJECT](#)

Designed the UI/UX of the Dementia Care App, Lumos, using Figma, creating intuitive and accessible interfaces for users. Developed the full application using Flutter and Firebase, implementing features to assist dementia patients with reminders and daily tasks while ensuring a seamless user experience.
